

FLAG TAG

To thoroughly prepare players, physically and mentally, and to help reduce soft tissue injuries

PHYSICAL

Warm Up

Dynamic Movement

Create a 30x20 playing area,
All players start inside the area with a flag (bib) tucked into the back of their shorts. Players chase each other around the area, attempting to snatch the flag off other players.
If a player snatches a flag, they keep hold of it.
If a player loses their flag, they play on, trying to snatch other flags.
The game ends when the last player has their flag snatched.
The winner is the player who captures the most flags.

VARIATIONS AND PROGRESSIONS

Each practice can be varied to adapt to the needs of players. Simple changes can increase or decrease the challenge. Examples such as changing the rules, the size of the area, overloading the advantage of one team, varying the focus, or setting team challenges will keep players motivated and all attribute to good coaching methodology.

LEARNING OUTCOMES

- The importance of warming up correctly and getting into good habits to prepare body and mind for performing well.

KEY FACTORS

- Ensure drinks are taken regularly throughout the warm up phase
- Good communication
- Increase intensity
- Monitor performance of players - first touch, movement and general body language/focus
- Start gradually

FOCUS AREAS

- All athletes need to warm up before participating in practices and games.
- Allow players to hydrate to maintain efficiency levels.
- Can be done with or without the ball.
- Increase intensity to raise heart rate and muscle temperature.
- Should always be progressive.
- Warm ups should be fun and realistic/relevant to the main session when possible.
