

LIONS AND LAUGHING HYENAS

To introduce the basic concepts of the game in a fun and positive learning environment

TECHNICAL

Fun Games

Foundation Football

Set up a 20x20 playing area with a 5yd square or mini goal in two diagonal corners. Adjust size of area to suit the number of players.

Place a good quantity of balls in the middle. Divide players into two groups – one Lions the other Laughing Hyenas.

Groups start in diagonally opposite corners. One from each group run to collect a ball (food) and dribble back to their respective dens.

As soon as the food is in the square/mini goal, the next player goes.

Perform over a set period of time or until all the food has gone.

The group with the least food is still hungry. The game restarts.

VARIATIONS AND PROGRESSIONS

Each practice can be varied to adapt to the needs of players. Simple changes can increase or decrease the challenge. Examples such as changing the rules, the size of the area, overloading the advantage of one team, varying the focus, or setting team challenges will keep players motivated and all attribute to good coaching methodology.

LEARNING OUTCOMES

- Basic dribbling technique.
- How to keep close control of the ball.
- How to use different parts of the foot.
- Learn how to move the ball at different speeds.
- Players begin to understand spatial awareness.

KEY FACTORS

- Always encourage players
- Close control of the ball
- Enjoyment of the session
- Ensure the session is relevant and age appropriate
- Space awareness within playing area

FOCUS AREAS

- Ensure every player is taking part in the session.
- Ensure the session is fun and that players are enjoying playing the game.
- Facilitation of the practice is more important than 'coaching' the players – let the game be the teacher.
